

## CITY COUNCILMEN DISREGARD SPEED

**Went Thru Busy Session On High and Did Some Big Things In Little Time**

The mills of the gods did not grind slowly on Thursday night with regard to the Richmond city council, since that body went into session on high, turned on the gas, and remained at high speed for a period of almost an hour—unmindful of the speed limit—ordinances and petitions chasing one another, and members of the council vieing with one another relative to speed. Territory covering the entire city and county was taken in, and when the brakes were applied and the first stop finally made there were more than half a dozen ordinances passed regarding the protection and maintenance of the city streets and much miscellaneous matter out of the way, of which the following is the essential part:

There was a complete attendance, the first time such has been recorded for a period of several weeks.

Reading of the minutes by Clerk Blanton, which were approved. Report of Chief of Police Devore for the past quarter showed fines in the sum of \$203 were imposed during the month of July; for August, \$372, and September, \$577, business being out of the ordinary. The report was referred to the finance committee, as usual.

The matter of fixing the East Main street crossing and improvement of Main street in that vicinity was taken up. Mr. O'Neill stated that it had been estimated that the proposed improvement would cost \$1,800. Someone said the city did not really have the money to spend. Mr. Golden stated that the upkeep of the street there and the filling of the mud hole, which was an eyesore, would cost more than the improvement and advocated the improvement. Mr. O'Neill stated that the railway company would pay for the crossing at the railroad if the street were fixed and felt the economy was worth considering. Mr. O'Neill then spoke of the street extension, stating that the paving was ended at the railway crossing, and thoroughfare with the mudhole at the end would look like a dog with its tail cut off. None seemed to favor this result, and it was decided to turn the matter over to the city engineer and have him take up the proposition with the railway company, as well as Mr. O'Neill, and proceed with the work, since \$1,800 would not make much difference when it came to paying off the debts of the city, anyhow. This was done and the tariff will start at the east and close with the merging of the paving at this crossing, and with this new piece of road finished East Enders can come to the city and not have to hold to the top of their carriages when making the crossing, and pedestrians will not have to wear rubber boots. The decided improvement, Mr. Golden said, would be a money saver all around, and the measure went through.

At this juncture the ordinance epidemic broke out and was rampant for some time. Folks must respect the newly paved streets. Someone said that oil had been spilled right on Main street where the new paving had been completed at Main and Third streets. Sleuths are on the trail and an arrest is expected at any time. Coal oil, besides being expensive, is said to be injurious to paved streets. This is what was spilled—both oil and expense. Gasoline, it is claimed, will not spoil the asphalt, but who wants to pour gasoline on the streets and pay even a state tax?

There was a backfire at this juncture and property owners on Edwards avenue stated they were tired of going home in the dark, and asked that two lights be provided on that thoroughfare. This matter was referred to the light committee, which will investigate and report back to the council. The lights will in all probability be provided.

Running cold again, Mr. Mershon held the floor and presented an ordinance making it a misdemeanor for any firm, person or corporation to drive heavy traction engines over the new streets with rough wheels, and according to the measure, which was passed, this will not be allowed.

Councilman Charles Terrill sounded the warning that he was going to go around, but Mr. Mershon held the middle of the road and "stepped on the gas," with the result that he had another ordinance in hand in a jiffy. This one calls attention to the fact that if you are building along Main street or along the newly paved streets, you must keep the building material in the proper confines and O'Brien, Hotel Glyndon.

not admit of its being scattered about the street, for this will be considered a misdemeanor and punishable by a fine of not less than \$25 nor more than \$100 for the first time. Without swerving to the right or left, Mr. Mershon was there with another ordinance. He hung out the red flag and continued. This measure makes it unlawful for any person, firm or corporation to burn leaves or throw ashes on the new pavement. He was informed that there was already an ordinance prohibiting the throwing of ashes in the streets, but the worthy councilman insisted that the streets had just been paved and must be looked after, furnishing the further information that it costs money to pave streets. This information did not seem to startle anyone. So much for gossip.

Mr. Mershon just kept on ordinance-ing, presenting another which says it is unlawful to draw vehicles over the streets with the wheels locked. This would also be injurious to paving. This went through like the other ordinances without a hitch.

Mershon gas began to wane at this juncture, and his voice became husky when he had finished reading the final measure and explaining the same, and Mr. O'Neill started in and wanted to know how the new streets were going to be kept pretty and clean. This matter was referred to the street committee, and it is possible that there will be a corps of men especially engaged for the work, since there is a disposition upon the part of the councilmen to have the new pavement kept looking like new.

Mr. O'Neill hesitated and was lost, since Councilman Terrill steered straight for the center of the stage and reported that the contemplated improvements on B street would have to be carried over for another short period, since he had been unable to get the names of all property owners. He was given further time. He reported while he had the floor that Lancaster avenue had been inspected and accepted by the city engineer. Then he got the ordinance habit and presented an ordinance relative to the collection for and payment of same, details of which are published in another column, as well as all other ordinances passed.

The city firemen will be given their regular vacations, Thomas Hardin being named as substitute. One of the regular men will be allowed to go at a time. Hardin is said to be good both at fires and in handling an auto or truck. Messrs. Stone Maupf and Mose Nelson were informed that they will be expected to have their substitute get on the job before leaving him in charge.

Mayor Evans, who had been watching for vehicles ahead, took this opportunity of asking whether there was any coal in the cellar. Someone reported that there was half a carload there, but none in the stove. The atmosphere corroborated the somewhat reckless statement. There will be a fire there when winter comes. Simultaneously it seemed to dawn upon all that there was a slackening up and adjournment was announced, together with the fact that there was a big Democratic speaking in the court house, and the adjournment was soon in order.

## LOHRISCH FINALLY SUCCEUMBS TO WOUND

Emil Lohrisch, who shot and killed Mrs. Lucy Estes Friday night, September 24, at her home on Irvine street, after which he shot himself through the temple, tearing away great quantities of the skull, died at the Patti A. Clay hospital Thursday evening at 6:20 o'clock, without regaining consciousness since Monday of this week. The man showed wonderful vitality and his lingering caused much comment among physicians who recognized the extent of his injuries. During the past few days the mental faculties gave way, after which there was a decided loss of appetite, death coming slowly but surely after the reaction set in. The body was taken to the Rowland & Oldham undertaking establishment, where it was prepared for burial. The funeral services will be conducted some time Saturday, the time and place not yet designated.

## UPHOLDS LEADERS IT CONDEMNED

**G. O. P. Organ Strongly Denounced Republican Senate Leadership In Treaty Fight**

Louisville, Ky., Oct. 8.—The Louisville Herald, which has now become the organ of the republican party in Kentucky, in its present campaign, has reversed its position in exactly twelve months.

One year ago, or to be exact, November 24, 1919, the Louisville Herald deplored the slaying of the treaty by republican leaders and condemned the policy of Lodge and the irreconcilables it now upholds. It said in part:—

"The outcome of Senator Lodge's fight against the administration brought little comfort to anyone except the irreconcilables. His long and tedious struggle with the treaty and the League of Nations reservations prevented many things that had been expected, and resulted only in the humiliation of himself and his party through his failure to procure ratification after he had succeeded in forcing adoption of reservations.

"Wiser leadership is needed if we are to escape the 'peace by resolution' which Lodge now proposes. His resolution declaring the war at an end, introduced just before adjournment and voted down, goes over to the December session.

"In the meantime this Lodge resolution must appear to Americans a poor substitute for a treaty of peace dictated in the hour of victory.

"It conveys no intimation of the fact that America participated in a great war against a nation that grievously offended her and humanity; that she contributed untold wealth and the lives of thousands of her sons to winning it; that she makes peace as a result of the valor of her soldiers and their sacrifices upon the field of battle.

"We abandon the advantage of victory. We abandon ever a advantage in dealing with a cruel and truculent enemy that was won for us by the sacrifice of American lives. We negotiate with an enemy absolved by resolution. We cannot draft our terms and say: 'Here is what we demand. Take it or leave it.' We must ask Germany to confer with us, to bargain to agree to a peace treaty in which she may have as free voice as ourselves. \*\*\*

"The reason for the embarrassing position in which the republican party now finds itself is clear. It was clear from the start. Taft saw it, Root saw it, Hughes saw it, Hays saw it—any republican leader whose eyes were not dimmed with the miasma of Washington's small hatreds saw it and it interpreted it to Lodge.

"Lodge failed because of lack of that wise moderation which men call statesmanship. All the great 'nationals' in his party's high councils advised him not to embody in fair and reasonable interpretive clauses, the points which he believed essential to the guarding of America's rights. Root, Taft, and Hughes even drew the text of such reservations. \*\*\*

"In behalf of republicanism, in the name of America, we call upon the moderate republicans in the mild reservationist group to start the next session of Congress with their hands upon the throttle of party power."

**Banks To Close Next Tuesday—Columbus Day**

On next Tuesday there will not be a bank open, this decision having been reached by local bankers, for the date will be October 12, anniversary of the date upon which Christopher Columbus made the greatest discovery of his life, and which means so much to us. "We worked all day on Labor Day," said Mr. R. E. Tyrley, of the State Bank, "which should have been a holiday, but it fell on court day, and we feel that we should have one of these holidays, hence the closing of the banks of the city on next Tuesday."

## LEXINGTON MAN KILLED IN HIS YARD

**Slain Man Under Bond For Trial On Serious Charge Preferred By Young Girl**

(Lexington Herald)

Ernest L. March, wealthy business man and Main street furniture dealer, was shot and fatally injured in the yard of the Britling, an apartment house which he owned on South Broadway, street, by George Rose, 65, years old, a constable, at 4:15 o'clock Thursday afternoon.

March died at the St. Joseph's hospital twenty minutes later.

Rose, following the shooting, walked from the Britling, which is located at 343 South Broadway, a short distance from High street, toward the police station. On his way to police headquarters Rose met Patrolman John Douglas on Vine street.

He immediately surrendered and was taken to the place station and placed in a cell.

Rose refused to make any statement regarding the shooting. Shortly before 5 o'clock he was moved to the county jail by Detective Dudley Veal and Patrolman Carl Woodward. His surrender to police a charge of malicious shooting was placed against him, which was changed to murder, following March's death at the hospital.

March was shot four times by Constable Rose. One of the bullets pierced March's right side. The other three bullets took effect in the head.

March was unconscious when he fell. He died without making any statement, never regaining consciousness after being removed to the hospital.

When Rose surrendered and his revolver was taken from him, police, who have the weapon, declare five shots had been fired, one loaded shell remaining in the gun. The weapon used by Rose was a .38 caliber.

Shortly after Rose's arrest, a large number of persons came to the police station to see him and offer their assistance. Before the death of March, Rose was closeted alone in the cell room with his lawyer, W. C. G. Hobbs.

The shooting which resulted in the death of March is the outcome of an assault which March is alleged to have committed against Rose's granddaughter, Mary Margaret Rose, a 14-year-old girl, on charge of which March was under indictment in the Fayette circuit court.

Rose, it is asserted, since the returning of the indictment against March, has made several threats against the life of March. One one occasion he is said to have stationed himself in front of March's Main street store and was taken away only after persisting urging on the part of friends.

Witnesses of the shooting practically agree on all details.

J. W. Morrison, vice president and general manager of the Lexington Roller Mills Company, who resides at the Britling apartments, was in the yard at the time the shooting occurred and was but a short distance away from the principals.

"Don't do that," was the only exclamation March made before he was shot, according to Mr. Morrison, who made an effort to grab Rose after he had fired the first shot.

In describing the shooting, Mr. Morrison said: "I was standing in the front yard and Mr. March was at the side of the house talking with a man from the telephone company who was fixing the wires leading into the house. I heard Mr. March exclaim, 'Don't do that,' and looked and saw a man advancing across the lawn with a revolver in his hand.

"As Mr. March said this the man opened fire, and Mr. March staggered around the tree. I made a grab for the man, but missed him, and he followed Mr. March around the tree and shot several times more. Mr. March fell to the ground and the man immediately walked down the street."

**Circuit Court Is Busy**  
Place Now Days

Progress in circuit court continues with several cases holding the attention of Judge Shackelford, who Friday devoted his time to hearing the evidence in the case of the Madison Tobacco Warehouse Company against W. D. Yancey. This case is expected to consume most of the day. It is expected that his attention to civil cases will be given, beginning his first of next week and continue for several days. There are a number of important cases to be put to issue.

**NOTICE—Will be at Hotel all Saturday a. m. or evenings from 6 to 8. E. L. O'Brien**

## 30 INDICTMENTS; FIVE FOR MURDER

**Quick Work of Grand Jury Completed By Judge Shackelford—Arrests Made**

After returning more than 30 indictments, the members of the grand jury adjourned until October 25, when they will resume work of investigating cases yet known to be before them. Of the thirty indictments, two are known to have been for murder, making indictments against five men thus far who are formally charged with murder. They are: Andy Poff, charged with shooting and killing Jasper Kirby, at the Berea fair on Thursday evening, August 6.

Elden Shanks, colored, committing fatal assault upon John Hammonds, L. & N. formean, the latter dying the following day. This assault was made on Friday, July 30.

John Keeton, shooting and killing Robert Powell at carnival grounds on night of September 23. Thomas Gentry, colored, shooting and killing Dave Campbell, colored, at L. & N. railway yards. Emil Lohrisch, shooting and killing Mrs. Lucy Estes on night of September 24, after which he shot himself. (Lohrisch died after indictment had been returned.)

This leaves nearly 25 indictments remaining and this number of arrests will be made forthwith, it is stated, and the cases set for trial for the present term of court. The list includes everything from shooting with intent to kill, it is claimed, to assault and battery, forgery, obtaining money under false pretense, etc.

The work of the grand jury was commented upon very favorably by Judge W. R. Shackelford, of the circuit court, who stated that it was his belief they had been following his instructions regarding expediency in their work.

The presentation of the big list will admit of the court setting cases for trial and the procedure of the regular line with the result that while there is a large list of cases, there will be the usual time made, and it is not expected that the session will be more extensive than usual.

## Dissolution Plan Is To Be Forced On P. & A. Railroad

(By Associated Press)  
Philadelphia, Oct. 8.—The federal court here today handed down a decree ordering the Reading Company to file within 90 days a plan of dissolution of the alleged combination of the Philadelphia and Reading railway company, the Philadelphia and Reading Coal and Iron Company, the Central Railroad of New Jersey, Lessings-Wilkesbarre Coal Company, in accordance with the decision of the Supreme Court rendered last spring.

## Two Murder Cases Are Eliminated This Term

With the failure to apprehend Elden Shanks, slayer of John Hammonds, and the death of Emil Lohrisch, two of the five murder cases will be eliminated for the present term of court. There has been no trace of Shanks for some time. It was reported some time ago that he was in the south, and this is believed. Although there is a reward for his apprehension, there has been on recent clue as to his whereabouts.

## 10,000 VOTES LOST BY REDISTRICTING

Louisville, Ky., Oct. 8.—The redistricting of Louisville and Jefferson county by Judge Krieger in accordance with the recommendation of a commission of two republicans and two democrats, results in the disfranchisement of 10,000 white voters, members of the Democratic city and county committee said today. Under the law only 350 voters should be in a precinct, but it is reported this exceeded by two registration days in many cases by 100, and those in excess of 350 may not be able to vote.

Members of the committee who declared the negroes were favored when the city was redistricted for women, intimated that court action might be taken to compel proper voting facilities for white voters.

## COX EXPLAINS REACTIONARIES

Paducah, Ky., Oct. 8.—Gov. Cox speaking here to a large audience today said in effect the presidential contest upon the prospective United States Supreme Court vacancies as a "real danger of reactionary victory, next to scrapping the League of Nations."

Stating that at least four vacancies are in prospect, referring to the Senate's control over confirmation, Gov. Cox said that Harding, as a reactionary President, would appoint four reactionary members to the Supreme Court bench.

Gov. Cox urged defeat of the "Senate oligarchy," declaring the Senators passed on the authority of the House of the Representatives by changing revenue legislation which, he said, under the Constitution, shall be initiated by the House. Gov. Cox made several rear platform talks en route to Louisville where he is scheduled to make his last address in Kentucky tonight.

## HURST WINS

## PACKED HOUSE GREETED DR. POWELL

**Noted Divine Advocates League of Nations In Most Eloquent and Forceful Address**

At the court house Thursday night one of the largest and most representative audiences of Madison county citizens, composed of both men and women of voting age, assembled to hear the Rev. E. L. Powell, of the First Christian church of Louisville. Dr. Powell arrived one hour late on account of missing his train out of Louisville and had to come in an automobile. His chauffeur got on the wrong road between Lexington and Richmond and lost considerable time. He also had to make a detour on account of road repairs between Shelbyville and Frankfort and lost about an hour. However, the crowd waited patiently and none had left when he arrived at 8:30 o'clock.

Hon. W. B. Smith, the nestor of Democracy in Madison county, entertained the audience together with Marshall Vaughn, of Berea, and kept everyone in fine humor until the speaker arrived.

Dr. Powell spoke for an hour and delivered one of the most complete, convincing and eloquent arguments in favor of the covenant of the League of Nations that has yet been heard in Richmond. He said at the outset that if this were merely an ordinary political question or economic question that he would not be giving his time and spending his energy in this campaign. He said, however, that the only issue and real issue was the future guarantee of a permanent world peace provided for by the covenant of the League of Nations, and that this issue was a great moral and religious issue, and that it involved not only political factions of this country, but the principles of Christianity as well; that as a minister of the Gospel he felt it his duty to defend the democracy of this country, to defend it against attacks on an issue where principles of morality and Christianity are involved.

Dr. Powell denounced in strong terms the tactics being used by those who are at present controlling the leadership of the Republican party, and did not hesitate to say that in their attacks upon the peace treaty and covenant of the League of Nations the Republican leaders were now trying to mislead the people by falsehoods and lies. The Daily Register hopes to be able to print a complete copy of his speech.

The noble women workers and those interested in the success of the Democratic cause of Madison county feel that such a speech coming from such an eminent divine as Dr. Powell has been received with great confidence and will do great good in arousing the citizens of the county to the realization of their duty on election day and feel that men and women, irrespective of party, ought to be convinced that on the issue before the people now it is their duty to vote for Cox and Roosevelt.

#### "MISMANAGEMENT" OF WAR BY WILSON ADMINISTRATION

(Cincinnati Post)  
The managers of the Harding senatorial syndicate as well as the candidate himself are laying great emphasis upon the alleged mismanagement of the war by the Wilson administration.

One of their chief criticisms is that the president ran the war as a partisan Democratic affair and that billions of the people's money was wasted because of the inefficiency of the Democrats.

Now there is a great difference of opinion among people, who ought to know something about it, whether the war, from the American standpoint, was well or poorly managed.

As there is no possible way to decide the question, it will probably always be debated.

It was the most stupendous job ever undertaken by any nation in the world's history, and necessarily cost a lot of money.

Whether it cost a few billions more or a few billions less than it would have cost if somebody else—say, Roosevelt, or Hughes, or Taft—had been president, is purely speculative.

One thing that we do know is that the tremendous power developed by America on the battle front brought about Germany's defeat, at least a year sooner than any allied leader expected, and that the cost in American lives was less than anybody thought it would be.

A very large part of whether "waste" in money there may have been is properly chargeable to the speed with which America developed her power.

This speed cost money, but saved lives. So far as the money cost of the war is an issue in the presidential campaign, we believe that the Harding syndicate greatly underestimates the intelligence of the voters.

Certainly, the facts as to resident Wilson's alleged partisanship in the management of the war absolutely disprove the syndicate's contention.

Practically every "key" position was occupied by a Republican during the great part of the war.

General John J. Pershing, a Republican and son-in-law of Senator Warren, one of the administration's most bitter enemies, was commander-in-chief of the army in France.

Admiral Sims, a Republican, ran the navy in the war zone.

Harry A. Garfield, a Republican, and son of a former Republican president, was the fuel administrator.

## DISABLED VETS ARE ASSEMBLING

Youthful Sailor, Deaf From Sea Duty, Among Those Here for Medical Examination

There were a number of soldiers and sailors in Richmond Wednesday, having been called by the officials of the hospital unit for the purpose of being examined incident to the re-establishment of compensation. There were five counties represented, and the offices presented busy scenes most of the day.

One of them, a sailor, Walter Gabbard, came from Rice Town, near Booneville, Owsley county, for the purpose of receiving the examination and medical treatment. Young Gabbard was accompanied by a brother, who served with the army forces. The former has a brilliant record for sea duty, and is almost totally deaf as a result of extended service on a torpedo boat destroyer. He was one of the first to be examined by Dr. J. G. Bosley newly appointed medical examiner. According to information received by officials of the local unit, the men will be compensated according to the disability. Young Gabbard is one of the first sailors to come before the local examiner since the completion of the unit.

There will be a number undergo examinations for operations, which will be made at the Patton A. Clay hospital in the near future. There have been plans laid for the accommodation of this class which may receive immediate attention. The work of the unit is just getting under headway and there is every indication of a busy season ahead.

John Mills, Knox county, is another one called here for examination. He is a discharged man with a good record. He will be recommended for certain compensation as will others. Richmond bids fair to become the center for soldiers and sailor in large number when the work is once well under way.

## MUCH TOBACCO IR YET IN THE FIELD

While there is still considerable tobacco reported as being in the field in Madison county and others surrounding, it is claimed the recent frost did no great damage, and some of the weed yet in the field is said to be ripening in a very satisfactory manner. The demand for sticks as well as lumber continues. The harvest, however, will soon be at an end, and the cooler weather is beneficial, the growers say. Some admit while there is yet much tobacco in the field, the greater part of it will be saved unless there is a killing frost soon.

Producers declare that despite results of rust and other ravages, there is already more tobacco in the shed than last year. Some is not the best grown, they admit, and also some had to be thrown away after having been cut too green; however, there is said to be a good supply on hand, and the situation is not as bad as pictured some time ago. If there is a fair price maintained, producers assert they will be able to realize in a very satisfactory manner. The sale for this territory has not been started and many are of the opinion that it will not be until a later date than usual, owing to the low prices offered elsewhere.

## BIG DAMAGE CASES AT IRVINE VENUED

The suit for \$10,000 against the L. & N. railway instituted by Nesbit Bryant in the Estill county court some time ago will not be heard at this time of court, it having been continued, it is reported upon good authority, as a result of attorneys for the defendant asking a change of venue. It is understood that the action will be heard at the county term, when the venue action is decided.

A similar action has been taken in the case of Miss Mary Mason, who brought suit for a similar amount as a result of having been taken forcibly from a train, so the complaint alleges, and placed in jail. It is probable both actions will be heard during the next term of court after the venue action has been decided upon. Detective Joe Spivy, in jail here charged with murder in connection with the gun battle at Irvine some time ago when Chief of Police R. G. Philpot and Deputy Sheriff Henry Reed were killed, is named in both actions.

Indigestion, Biliousness, Constipation Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, biliousness and constipation. If you are troubled in this way give them a trial. You are certain to be pleased, for they will benefit you.

Any property owner who desires may exercise the privilege of paying said tax in ten equal annual installments provided that before the expiration of thirty days hereafter he shall enter into an agreement in writing, forms of which may be obtained from the undersigned, with the City of Richmond, that in consideration of such privilege he will make no objection to any illegality or irregularity with regard to the taxes against his property, and that he will pay the same in the manner provided by law with specified interest. These agreements may be executed by life tenants against property in which they have only a life estate or by statutory guardians or committees for persons under disabilities.

If the privilege of ten-year payment plan is exercised, the amount of tax will bear interest at the rate of six per cent per annum, payable semi-annually, from this date, and the whole of the tax may not be paid in full until after fifth annual installment becomes due. If the tax is paid in full in cash within thirty days hereafter no interest is required to be paid. Property, the owners of which neither pay cash within thirty days hereafter nor execute the agreements aforesaid within thirty days hereafter is subject to immediate action of foreclosure by the City of Richmond for the total amount of the tax, with interest from this date, and the costs of foreclosure proceedings.

R. E. TURLEY, City Treasurer.

### AN ORDINANCE

Apportioning the cost of the improvement of Lancaster Avenue from College Street to Main Street among the owners of the abutting property on both sides of said improvement and the City of Richmond and assessing and levying a local tax on the several lots of abutting property for the payment of the part of the cost of said improvement apportioned to them. Whereas, the Board of Council of the City of Richmond, Kentucky, has duly accepted the work of the contractors, Lampton & Burks, in improving Lancaster Avenue from College Street to Main Street by the construction of the roadway thereof with concrete and asphalt paving and by the construction of concrete curbing and guttering thereon, has duly confirmed the City Engineer's estimate of the cost of such improvement;

Be it Now Ordained by the Board of Council of the City of Richmond, Kentucky, in conformity with the ordinance of October 2, 1919, which ordered said improvement, that the cost of said improvement be, and it is hereby, apportioned to the City of Richmond (intersections and general work plus one-third of the cost of the improvement in front of abutting property) and equally among the owners of the abutting property on both sides of the improved part of said street according to the number of abutting feet owned by them respectively (two-thirds of the cost of the improvement in front of abutting property) as follows:

Total Frontage 3789.135 T. Ct. \$ 23101.74  
Total cost to abutting property owners, 3789.135 feet, at \$6.09683 per foot, \$23,101.74.

And Be it Further Ordained by the Board of Council of the City of Richmond that a local tax at the aforesaid rate of \$6.09683 per abutting foot be, and it is hereby, assessed and levied on and against the several lots or parcels of abutting property above set forth according to the respective number of abutting feet and in the respective amounts above set opposite them, for the payment of the cost of said improvements. Said tax shall constitute a lien, which shall take effect from and after the passage and publication of this ordinance, on said property owners in the manner provided by law, and shall at the option of the several owners of said respective lots or parcels of land be payable in cash, without interest, to the City Treasurer within thirty (30) days after the passage and publication of this ordinance or in ten (10) equal annual installments with interest at the rate of six per cent per annum, payable semi-annually as provided by law from the publication of this ordinance. The amount above apportioned to the City of Richmond shall be payable in cash upon the publication of this ordinance, and the sum of \$14,997.16, or so much thereof as has not already been paid to the contractors upon the said improvement, is hereby appropriated out of the fund derived from the sale of \$150,000.00 general bond issue for the improvement of streets and sewers to pay the City's part of said improvement.

This ordinance shall take effect from and after its passage and publication as required by law. Adopted this October 7th, 1920.

### Commissioner's Sale

Perry Long's Heirs, Plaintiffs

vs.

Perry Long's Heirs, Defendants.

Pursuant to judgment and order of sale entered in the above styled action by the Madison Circuit Court at its October term, 1920, the undersigned Commissioner will expose to public sale to the highest and best bidder, on the premises, on the Kirksville and Kentucky River turnpike road, at the hour of 10 o'clock a. m., on

Thursday, October 21, 1920,

the following described property: Six certain tracts or parcels of land located on the Kirksville and Kentucky River turnpike in Madison county, Ky., and bounded and described as follows:

Tract No. 1, containing thirty-two and 97-100 (32.97) acres, lying on the Dry Branch pike and adjoining the lands of J. N. Hendren and others.

Tract No. 2, containing 39.02 acres, and adjoining the lands of Alex Ray and J. N. Hendren and others.

Tract No. 3, containing 6.24 acres lying on the Kirksville and Kentucky River turnpike.

Tract No. 4, containing 17.34 acres lying on the Kirksville and Kentucky River turnpike.

Tract No. 5, containing 7.01 acres lying on the Kirksville and Kentucky River turnpike.

Tract No. 6, containing 30.58 acres, lying on the Kirksville and Kentucky River turnpike.

The six tracts of land mentioned above will be first offered for sale separately, and then the said Commissioner will offer Tracts Nos. 1, 2, and 3, for sale, and then the said Commissioner will offer for sale Tracts Nos. 4, 5, and 6, then the entire boundary of land including the six tracts mentioned above will be offered as a whole, and the bid or bids bringing the most money will be accepted.

The judgment and plat filed in the above styled case are here referred to for more particular description.

Terms—Said land will be sold on a credit of six and twelve months, the purchaser being required to execute sale bonds with approved security payable to the Commissioner and bearing six per cent interest from day of sale until paid, with a lien retained on the land to secure the payment of said bonds and interest.

R. B. TERRILL.

### Chamberlain's Cough Remedy

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it place upon the asphalt streets of a trial and you will find this to be the case.

### Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

**DR. W. B. CALDWELL TODAY**  
Born Shelbyville, Mo., March 27, 1839  
Began the manufacture of his famous  
prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest  
selling liquid laxative in the world, long past  
Biblical old age, but hale and hearty—Still  
sees patients daily—Wonderful achieve-  
ment of a "country doctor."

**W**HEN I started to practice medicine, back in 1875,  
there were no pills or tablets or salt waters for  
the relief of constipation, and no artificial  
remedies made from coal tar.

The prescription for constipation that I used early in  
my practice, and which I put in drug stores in 1892 un-  
der the name of Dr. Caldwell's Syrup Pepsin, is a liquid  
remedy, and I have never had reason to change it. I  
intended it for women, children and elderly people, and  
these need just such a mild, safe, gentle bowel stimu-  
lant as Syrup Pepsin.

I am gratified to say that under successful management my  
prescription has proven its worth and is now the largest selling  
liquid laxative in the world. The fact that over eight million  
bottles were sold by druggists last year proves that it has won  
the confidence of mothers whose chief interest is the health  
of their children.

It is particularly pleasing to me to know that  
the biggest half of those eight million bottles were  
bought by mothers for themselves and the chil-  
dren, though Syrup Pepsin is just as valuable for  
grownups. The price of a bottle holding 50 aver-  
age treatments is sixty cents; such a bottle will  
last a family several months.

I have never made a secret of what is in Dr.  
Caldwell's Syrup Pepsin. It is a compound of  
Egyptian Senna and other simple laxative herbs  
with pepsin and pleasant-tasting aromatics.  
These ingredients are endorsed in the U. S.

Pharmacopoeia. I consider Syrup Pepsin today  
in the serious 82nd year of my age, as I did in  
1892, the best remedy a family can have in the  
house for the safe relief of constipation and its  
accompanying ills, such as headaches, bilious-  
ness, flatulence, indigestion, loss of appetite  
and sleep, bad breath, dyspepsia, colds and  
fevers.

Millions of families are now never without Dr.  
Caldwell's Syrup Pepsin, and I believe if you  
will once start using it you will also always have  
a bottle handy for emergencies.

**TRY IT  
FREE**

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin.

and then needs a laxative, and it is well to know the best. Write me today.

**50 Years Ago**

A young man who practiced medicine  
in a rural district became famous and  
was called in consultation in many  
towns and cities because of his suc-  
cess in the treatment of disease. This  
was Dr. Pierce who afterward moved  
to Buffalo, N. Y. He made up his  
mind to place some of his medicines  
before the public, and he put up  
what he called his "Favorite Prescrip-  
tion" and placed it with the  
druggists in every state in the Union.

For fifty years Dr. Pierce's Favorite  
Prescription has sold more largely  
throughout the United States than  
any other medicine of like character.  
It is the testimony of thousands of  
women that it has benefited or en-  
tirely eradicated such distressing ail-  
ments as women are prone to. It is  
now sold by druggists in tablet form  
as well as liquid.

NEWBERRY, S. C.—After using Doctor  
Pierce's Favorite Prescription I feel like  
a new woman. My friends all tell me I  
look so much better. I am more than  
pleased with the result. I know that I  
can't praise any one of Dr. Pierce's re-  
medies too highly. I always keep them on  
hand in order to keep well.—Mrs.  
LELIA SUPER, Route 1—Box 62.

#### THEY WON'T STAY LITTLE LONG

Ten years from now a photograph  
is the only thing that can really  
bring back to you the little folk, all  
too soon, grown up and out of the  
age when they're sweetest.

Today the little people who so  
awkwardly toddle around the house  
amusing you with their quaint re-  
marks and blessing you with their  
innocence are with you.

Tomorrow they'll be gone away  
from you forever.

What will you have to bring back  
the children when they are gone?  
What will remind you ten years  
from now of the days when the  
children were at your side?

A photograph taken now can pre-  
serve the children's babyhood for  
you.

Have those pictures taken before  
it is too late. Photograph the children at least  
once a year.

### HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Drisk  
Purgative With Calomel, the  
Purified and Refined Calomel  
Tablets that are Neuro-  
tics, Safe and Sure.

Doctors have found by experience  
that no medicine for colds and influ-  
enza can be depended upon for full ef-  
fectiveness until the liver is made thor-  
oughly active. That is why the first  
step in the treatment is the new, pain-  
less, colored tablets called Calomel,  
which are free from the sickening and  
weakening effects of the old style cal-  
omel. Doctors also point out the fact  
that a cold or flu may be a sign of  
an over-acting liver and is on  
of the most important factors in ex-  
plaining the patient's susceptibility with  
stand an attack of cold and flu.

One Calomel tablet taken at be-  
fore with a swallow of water—that's  
all. No sick, no nausea, no heart-  
ache, no interference with your eating, pleas-  
ure or work. Next morning your cold  
has vanished, your liver is active, your  
system is purified, and you are feel-  
ing fine, with a hearty appetite for break-  
fast. Druggists sell Calomel only in  
original sealed packages, price thirty-  
five cents. Your money will be cheer-  
fully refunded if you do not feel the  
benefit. (Adv.)

As a result of the price of horse  
and mule food-stuff, said equines  
owned by the city of Richmond  
may be disposed of in the near  
future and the city work "hired  
done," the same as in most other  
greater cities. There have been  
many discussions relative to the  
manner in which newly paved  
streets are to be kept clean and  
who is going to do the work. This  
matter has been receiving the at-  
tention of the police as well as  
council. The latter body, how-  
ever, will have charge of the  
cleaning if there is any made, and it  
is very probable there will be  
soon, since it will be essential to  
rush the paving and otherwise  
give it attention in order that it  
remain in good condition after be-  
ing put to use.

Councilman O'Neil has sugges-  
ted that the city garbage hauling  
as well as a better hauling for the  
city be turned over to a contrac-  
tor with teams whose duty it will  
also be to clean the new streets.  
It is claimed there is too much ex-  
pense and work attached to keep-  
ing the city's livestock, and there  
will in all probability be a report  
made of the probable cost of  
maintaining this duty upon the  
part of some contractor and the  
contract let, with the result that  
horses now owned by the city  
will be sold. The animals have  
been in faithful service for a pe-  
riod of many years and it will be  
with regret upon the part of some  
that they be parted with, how-  
ever, the measure is considered  
both economic and progressive.

There are said to be complaints  
about certain residents placing  
ashes on the streets as well as  
burning leaves on the streets,  
while other complain there is a  
laxity upon the part of the gar-  
bage gatherer. This, it is said,

### CITY MAY DISPOSE OF ITS LIVESTOCK

Street Cleaning, Garbage Gather-  
ing, Etc., May Be Let Out  
By Contract In Future

As a result of the price of horse  
and mule food-stuff, said equines  
owned by the city of Richmond  
may be disposed of in the near  
future and the city work "hired  
done," the same as in most other  
greater cities. There have been  
many discussions relative to the  
manner in which newly paved  
streets are to be kept clean and  
who is going to do the work. This  
matter has been receiving the at-  
tention of the police as well as  
council. The latter body, how-  
ever, will have charge of the  
cleaning if there is any made, and it  
is very probable there will be  
soon, since it will be essential to  
rush the paving and otherwise  
give it attention in order that it  
remain in good condition after be-  
ing put to use.

Councilman O'Neil has sugges-  
ted that the city garbage hauling  
as well as a better hauling for the  
city be turned over to a contrac-  
tor with teams whose duty it will  
also be to clean the new streets.  
It is claimed there is too much ex-  
pense and work attached to keep-  
ing the city's livestock, and there  
will in all probability be a report  
made of the probable cost of  
maintaining this duty upon the  
part of some contractor and the  
contract let, with the result that  
horses now owned by the city  
will be sold. The animals have  
been in faithful service for a pe-  
riod of many years and it will be  
with regret upon the part of some  
that they be parted with, how-  
ever, the measure is considered  
both economic and progressive.

There are said to be complaints  
about certain residents placing  
ashes on the streets as well as  
burning leaves on the streets,  
while other complain there is a  
laxity upon the part of the gar-  
bage gatherer. This, it is said,  
if it exists, is because of the

## TRAFFIC OFFICER NECESSARY SOON

That there will be a traffic officer necessary when the new streets have been completed and thrown open for use, there is no question. This was announced at a gathering of city officials on the streets Friday. Some suggested heavy blankets be placed about some horses and mules that never experienced the pleasure of walking over asphalt, that they have something real soft to fall on in case of fainting. The traffic, however, is expected to be greatly increased over anything ever seen before and adequate preparations are being made to maintain the most excellent record of the city in regard to vehicle accidents. While it is known there are as many if not more automobiles in an about Richmond than any other city of its size, there have been no accidents of a serious nature, a record not held by one city of the same size in fifty. This is conceded by many others, and local records will offer incontrovertible evidence.

## COAL AID SEEN IN CAR RULE LIFTING

The L. & N. railway company has taken action which, according to officials, promises to relieve the coal shortage over Kentucky. General orders were issued cancelling the priority which utilities companies in other states have had over cars carrying coal from Kentucky mines. These will immediately become effective and affect not only the divisions of the road in this state but its lines in the Alabama and other fields.

The action was taken, according to W. J. Haylow, superintendent of transportation, as a result of public sentiment as voiced by Gov. Ed Morrow in a recent demand on the Interstate Commerce Commission that its priority ruling be modified. Mr. Haylow predicted that the situation in Kentucky will be helped materially within two weeks.

Mr. Haylow accompanied the delegation of operators, headed by Charles L. Dawson, Attorney General, which appeared before the commission in Washington to testify regarding the Governor's request. He said the order under which the priority had been given to utilities was not mandatory on the railroads.

## READ ORDINANCES

It will behoove everyone to carefully read the list of ordinances passed Thursday night by the City Council relative to the protection of the new streets, for stiff fines are arranged for the first violators, for the City Dads are not going to have any first violators if they can prevent, and the official publication of all the ordinances at least twice, will eliminate any excuse for not knowing how to regard real pretty paved streets. Owners of vehicles will do well to paste in their hat the details relative to driving hauling, etc. The list of measures put through, if respected, means much to the city as well as the drivers, and a close observance of the rules will be beneficial to all.

## RICH BLOOD SECRET OF GOOD HEALTH

Here Is A Suggestion Along That Line

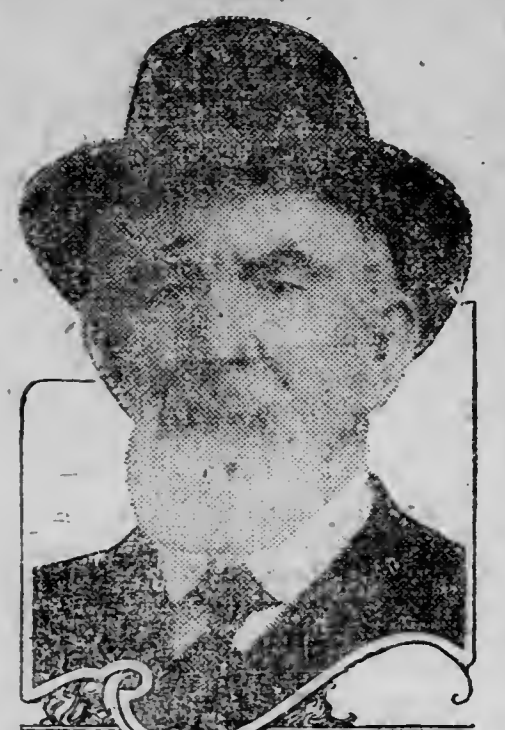

Thin, impoverished blood results in pale, sallow complexions, run down anaemic conditions, and leaves one without strength, energy or ambition. Lots of people here think that the one great remedy for this condition is Vinol, that non-secret cod liver and iron tonic without oil, which with the beef peptones and glycerophosphates contained in it, acts very quickly in the blood. It quickens the circulation, increases the appetite, aids digestion, and in this natural manner creates strength, vitality and energy. Hundreds of people in this vicinity have testified to its value.

**W. H. MORSE, of Seattle, Wash., who says he can now turn out as much work as he could thirty years ago, in spite of his age. Gives Tanlac credit for his splendid health.**

"I am in my eighty-ninth year, but since taking Tanlac I am as hale and hearty as I ever was and can do as much work as I could 30 years ago," declared W. H. Morse of 52 Blaine street, Seattle, Wash. Although in his eighty-fifth year, Mr. Morse is still daily to be found engaged in hard work down at the Ames Shipyard and is remarkably well preserved for his years.

"Last spring I had an attack of the flu that left me in a very badly run down condition and so weak that I could hardly get around. For a long while I had a very bad cold that I couldn't shake off and my bronchial tubes were so choked up that I was coughing all the time. I had no appetite and in fact ate so little that I was steadily losing weight. I couldn't sleep at nights and became much worried about my condition, because I couldn't find anything to straighten me up and restore my lost strength.

"I saw by the papers what fine work Tanlac was doing for other folks, so I got some for myself. It did me good right from the start, for in a very short while my cough left me, and I was eating fine and sure did enjoy every mouthful. I slept better at nights and was soon feeling much better in every way. I have gained seven pounds in weight and am so much stronger that I can turn out about as much work as most any other man, in spite of my years. Tanlac certainly must be a great medicine to put me on my feet like it has, and I'm glad of the chance to tell everybody about it."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores.

## WHY NOT BE TRUTHFUL?

The Republicans charge President Wilson with conducting the war on a partisan basis, distrusting Republican patriots and appointing his own partisans. Why not tell the truth?

General Pershing, Commander-in-Chief in France, was a Republican, as was General March, Chief of Staff; General Goethals, Assistant Chief, and General Crowder, Provost Marshal General. Other Republicans given high place were Keppele Scott and Stettinius, Assistant Secretaries of War; Admiral Sims, Commander of our overseas naval forces; Harry Garfield, Fuel Administrator; Herbert Hoover, Food Administrator; Charles M. Schwab, Frank Vanderlip, Henry P. Davison, Julius Rosenwald and many other distinguished Republicans were placed on war boards.

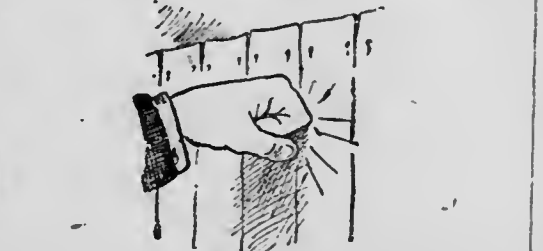

Justice Hughes, ex-President Taft and Cornelius Bliss, ex-Republican National Treasurer were all called into service. The war was not conducted on a partisan basis.

## Said Uncle Silas--

"When I was young and full of pep I made plenty of money and never had a care. I was happy as a jay bird in a tree full of doodlebugs. Things changed as I grew older." No doubt there was a change. There always is. If you spend all as you go along you are sure to find the going much rougher at the very time when you are least able to stand it. "Come easy, go easy," is all right so long as things continue to come. After that, needy and dependent old age stares you in the face. Save a little as you go along and keep it in our bank. That is the sure remedy.

## "ELECTION OF COX A CERTAINTY"--WHITE

Columbus, Ohio, October 7th—Following closely on the heels of his rival, Will S. Hays, Republican National Committee Chairman, George White, Democratic National Chairman, visited Columbus today. He conferred with leaders in charge at state headquarters and gave out a statement in which he predicted victory.

Chairman White forecast reaction in behalf of his party and a tidal wave to carry Governor James M. Cox to victory. Reviewing the situation he said:

"There is a decided trend all over the country toward the Democratic nominees, Cox and Roosevelt. "Owing to lack of finances the Democratic party organization was slow in starting. But dating from the third week in September, as a result of Governor Cox's triumphant trip through the West and a veritable groundswell in the East in favor of the League of Nations the tide has turned sharply in favor of the Democratic candidates.

## KENTUCKY SCHOOLS TO BE SURVEYED THRUOUT

Dr. Frank E. Banchman and Dr. W. Shaw, both of New York, educational experts, employed by Kentucky to make a survey of the state school system, will visit Richmond schools later on. They are now busy with the first field work that has been done by the board since its employment. The survey will be complete and will require considerable time. The important data procured as a result of their work will be turned over to the state board of education.

## FOOTBALL TEAM WILL BOOK GAMES VERY SOON

A number of games will be booked by the Model High school football team and preparations are being made for making the season a very active one. The Madison High may not have a regular team in the field this season owing to the inability to procure suitable training grounds, but it is hinted that some of this material may be transferred at times to the Model High, and that a number of students from the latter school may in turn assist the Madison boys, with the result that two teams will represent these schools in the field.

### KIRKSVILLE HIGH SCHOOL

The first month of school has passed into history. In that month much has been accomplished, 175 children having been enrolled and are "carrying on" in a business like manner. A full four-year high school course is being offered and taken advantage

of. Physical education is being given and enjoyed. Supervised play seems to promote interest. An athletic contest was staged September 24 between the High school, coached by the assistant principal, Mrs. Frank Wheeler, and the advanced grades, coached by Mrs. J. H. Fitzgerald. J.

T. Coy and Lafayette Duerson acted as judges. About 60 parents witnessed the hard-fought games. "Graders" won. They were presented with a handsome navy blue banner printed with gold letters.

Our principal, Prof. J. H. Fitzgerald, has prepared two basket ball courts and one tennis court. The basket balls and tennis balls have already been secured. Military drill has been introduced by the principal, who was formerly a blue jacket in the navy.

The primary and intermediate departments, under the supervision of Miss Louise Terrill and Mrs. Carrie Todd, are running full blast and are really doing big things.

Everything bids fair for the best year's work in the school's history.

The Parents-Teachers' Association, under the direction of Mrs. Charles Long, is doing splendid work.

Everyone in and near Kirksville seems to have the school spirit.—Contributed.

A number of men from South America, cattle raisers, who are visiting in Kentucky, claim this state has the finest and most wonderful farms in the United States.

## EASTERN NORMAL EXTENSION WORK

Demand Proving So Great That Special Class Is Organized For Nicholasville

While Madison county is turning out an immense number of teachers for schools in this and other states, there is an extension course in the way of a correspondence school that is attracting wide attention; since there are many inquiries being made regarding the 26 subjects offered and about 100 courses already are recorded, although this is the first year for this feature of the work.

The new departure, which the officials of Eastern Normal state promises to become one of the most important and extensive in the future, enables teachers to acquire this additional knowledge while at home, the work being inspected and passed upon by an able and well organized instructor corps. This, it is claimed, does away with the liability of much waste and misdirected effort that oftentimes accompanies home study. One of the professors of the school stated today the percentage of study at home was increasing steadily, and the organization of an efficient corps of instructors to judge the work and direct instruction was responsible for its success to a great degree.

Prof. J. R. Robinson, in charge of this department, in speaking of the extraordinary degree of success accompanying the new venture, explained that the fact was being recognized by many teachers that they could remain at their schools and at the same time acquire the coveted knowledge along the various lines, of which there are 25 at present. The list grows and endorsement of the state educational board is expected, since the same textbooks are used as are used in the high schools of this and other cities. There will be an extensive class at Nicholasville, comprising students from that city and vicinity, as a result of the favor with which the new measure has been accepted. There will be regular classes held there under the supervision of Superintendent Smith, of the Nicholasville schools, and it is probable that other classes will be started within a short time elsewhere.

### KNEW DR. WINNES

(Delayed)

Jenkins, Ky., Sept. 13, 1920. Editor Daily Register—Dear Sir: I feel a desire to speak a word to the people of Madison county and also the beloved ones and friends of the girl, Miss Parsons, who was murdered in Pine Mountain a few days ago. I knew and lived by Dr. H. C. Winnes as a neighbor and he was always kind and fatherly. He has grown children who are now in Cincinnati, Ohio.

I could mention several of my old married men friends there who are much like the doctor in disposition. I have lived by him for two years and he has also lived a neighbor to Mrs. Julia Crutchfield Kinzer, formerly of Richmond. All who knew him loved him and feel assured that in no wise would he ever be guilty of such an inhuman act. He was kind and accommodating to every one.

I enclose a photograph of the doctor and his office here in the Cumberland hills.

Thanking you in advance for anything you may print in my home paper in his behalf, I am, Most respectfully,

FANNIE WATTS BEVERLY.

### BIG STEEL BEAMS ARE

HOLDING UP WORK NOW

The failure of the big Bethlehem steel beams for the dormitory for boys at Eastern Normal to arrive is holding the work slightly. Although there is an additional depth being made to the basement, which will furnish a practice gym, as well as an ideal place for physical education during the winter months. This valuable addition will admit of the boys receiving instructions and exercise in their own building and will be one of the most modern to be found.

The excavation work on the dormitory for girls continues and this structure will be completed as soon as possible, thereby adding very materially to the reservation capacity. These are but two of the extended improvements at the big institution this year.

# Just Like Prairie of Iowa

Situated in good old Madison county, Kentucky, on the Berea-White's Station turnpike, (a good hard surfaced macadam road) about 4 miles west of Berea, Ky., 1 mile from White's Station, 9 miles from Richmond, Ky., known as the Judge John D. Goodles farm containing the choice of 300 acres of this famous farm. On the premises on

## Wednesday, October 13, 10 a. m.

I will offer this farm to the highest and best bidder for the present owners, Moore Brothers.

### LOCATION AND ENVIRONMENT

Situated as above stated on a fine macadam road, only one mile from railroad station and small village, post office and general store and flour mill. Four miles from Berea, which town has the best college in the state, 9 miles from Richmond a thriving little city of 10,000 people. In a good neighborhood among good people, churches, country school in about 1-2 mile, good roads, progressive farmers who raise fine stock, only about 1 mile from Mr. Harry Morgan, who raises and sells the Big Type Poland China hogs, known the state over. A better place to live is hard to find. We want to open new county road through the entire farm.....

### SOIL

A good rich, deep black loam with a lime stone bottom, will produce 1,500 to 2,000 pounds of high type burley tobacco per acre will make 50 to 75 bushels of corn per acre, grows wheat, red clover, oats, timothy and blue grass in abundance. 90 per cent of this farm is just like the prairie of Iowa, just ready for the tractor plow, lays nearly level with slope sufficient to drain. Just what your son likes to cultivate and what you will want when you see it.

### SUB-DIVISION

We will establish a new county road through the farm and will make subdivision in tracts running from 25 acres to 100 acres and want to sell this farm so that the little man will have a chance to get some of this fine farm and have a home in the future. Maps and blue prints will be on hand at the sale and lines positively established, so that you will know exactly what you are buying. To parties wanting any piece or part of this farm we will meet you on the ground when survey is made and run the line just like you want it.

### IMPROVEMENTS

Excellent 8 room residence most conveniently arranged and a good house, built a few years ago when good lumber could be obtained. Servant house, wash house, meat house, garage, wood shed, coal shed and every out building that could be desired. A large cow barn made and designed especially to keep your milk cows, a large combined stock and tobacco barn 44x84 feet with silo at side, and if I must say it, I think the best constructed barn I ever saw, all conveniently arranged for any kind of stock you wish to handle. A new tobacco barn that will hold 10 acres of big burley tobacco, galvanized roof and a good one. The fencing is the best wire fencing, hog tight, horse high and cattle strong.

### IS THIS LAND WATERED?

No better watered farm to be found anywhere, pools, springs, spring branch, ponds and every arrangement for water.

### PERSONAL PROPERTY

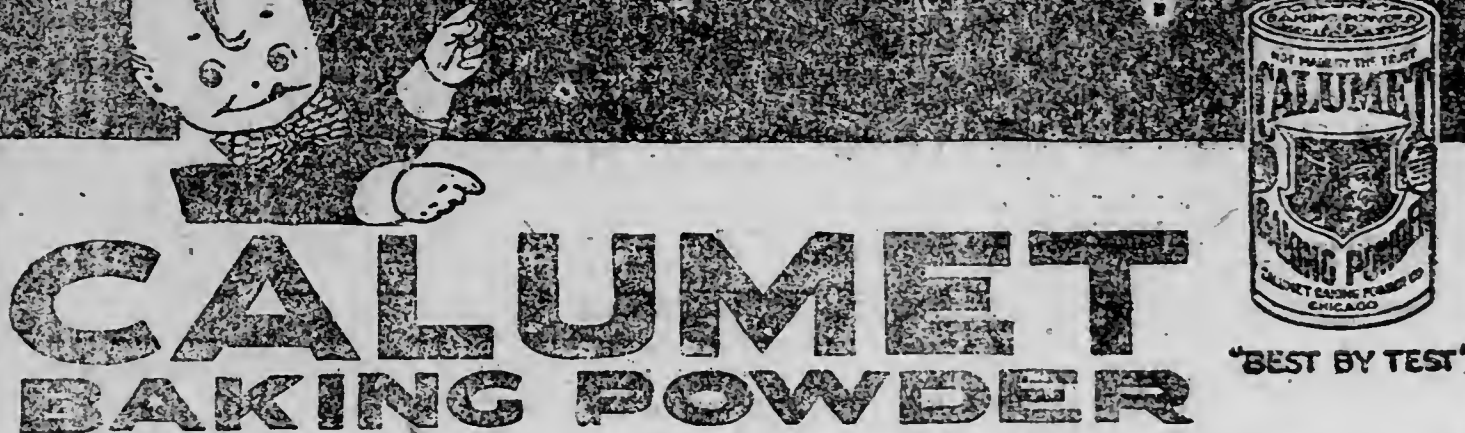

At the same time and place we will sell for Moore Brothers their personal property, consisting of 1 pair of 9 year old mare mules, 1 pair of 6-year-old mare mules, 1 sorrel walking mare, a good one, only 4 years old and holds a promising future, 6 good milk cows, hogs, all sizes, good quality and just what you want. Farming implements of all kinds, about 50 tons of excellent hay, 800 barrels of corn and numerous other items belonging to live progressive farmers. Also, 15,000 feet of lumber.

We want you to come and look over this farm, for you can never appreciate just what it is without seeing it. This land will stand close inspection and the undersigned will take time and go over this carefully with you, or Moore Brothers will show you the farm any day. Remember the day, the place, the thing—and come to the sale.

RAISES THE QUALITY — LOWERS THE COST OF ALL BAKINGS

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

Gluten is the muscle building part of flour which is of great importance. To be sure you get it in your bakings use plain flour and good baking powder, (not self-rising flour).

Calumet Cream Cake Recipe  
—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1 1/4 cups granulated sugar, Yolks of 3 eggs, 1/4 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

### Constipation

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed, and when this is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.

### TO THE DEMOCRACY OF KENTUCKY

The National Democratic headquarters is imperatively in need of funds with which to finance the present campaign and has appealed to me to offer an opportunity to the Democrats to aid. This I am pleased to do. Every voter, man or woman, who earnestly desires the election of our ticket is requested to give without delay to the editor of the Daily Register, who will immediately forward it to John R. Downing, state treasurer for the national committee, Citizens Union National Bank, Louisville, such voluntary contribution as he or she may care to make. It will be forwarded promptly to national headquarters in New York, with name of the donor. Contributions, no matter how small, will be accepted and appreciated.

A hearty response to this call is confidently expected.

### TAX LISTS COMING IN BY WHOLESALE

More Than 300 Property Owners Visit Commissioner's Office In One Day

Farmers of Madison county, according to County Tax Commissioner Ben Powell, are both a progressive and prosperous element, and he is becoming more and more convinced of the fact as the rush of work at his office continues; for there were more than 300 men called at his office one day the first of the week within a period of eight hours, presenting their property tax lists and many asked that Mr. Powell "be sure to get them in on time."

This fact, it is believed, taking the list into consideration, is equalled by the property owners of few counties of the state. There is a general desire upon the part of property owners, especially in the rural districts. Mr. Powell asserts, to have their reports in and matters pertaining to the payment of their taxes adjusted. All report good crops and seem in a better frame of mind than usual, the commissioner declares indicating all are surely in a very prosperous condition. The property owners have the remainder of this month in which to make their returns, and it is estimated that more than one-half have tendered their lists for taxation. Last year there were so few who failed to make their reports that the tax ferrets grew lean in this locality and hid away to new fields.

Owing to the grand jury meeting in the regular office of Commissioner Powell, he has taken temporary quarters in the office of the circuit clerk "I'm in on the ground floor," stated Mr. Powell, "and will remain here during the meeting of the grand jury, and believe I will like it very much, so just tell my friends that I will look for them here for the present, at least."

### BEND

Mr. Willard Willoughby and Miss Florence Todd motored to Richmond last Thursday and were united in marriage by Rev. J. A. McClintock. They were accompanied by Mr. and Mrs. Ivan Norris. They were entertained Thursday evening at the home of the groom's mother, Mrs. Minnie Willoughby. Miss Todd is the accomplished daughter of the Rev. Green Todd. Mr. Willoughby is the only son of Mrs. Minnie Willoughby and is a prosperous young farmer. They have the best wishes of a host of friends.
